6:00 pm Dinner at Los Cabos

BEEFMASTER
BEEF ON FORAGE
 BULL SALE
 B

10.20-21.2023 | Washington County Fairgrounds | Brenham, TX

Welcome to our 70th Beef on Forage bull sale! For over *three decades* we have provided performance tested bulls to the most professional cattlemen in the industry.

From the beginning our focus has been quality, quantity and affordability. All bulls sell with complete performance information including: bull test data, carcass measurements, individual weights, fleshing ability scores as well as breed-leading EPDs.

Customers often comment and appreciate the professionalism of our sale and the timely manner it is conducted.

We believe this is the most powerful set of bulls we have ever offered and encourage you to come see for yourself. We recognize the challenges of attending a sale and offer several absentee bidding options for those unable to attend.

On behalf of myself, family and cooperative members we thank you for your confidence in our program and look forward to seeing you October 20th and 21st. If I can be of any assistance please contact me direct at 254-541-4643.

Derek Frenzel
 254.541.4643 | derekfrenzel@aol.com

This sale will be broadcast live on the internet.

FOR MORE INFORMATION:
DEREK FRENZEL | 254.541.4643
DEREK@FRENZELBEEFMASERS.COM

“Not all bulls are created equal and it’s our job to identify superior genetics.”

— Derek Frenzel

Absentee Bidding:

This sale will be broadcast live on the internet.
DVAuction
Broadcasting Real-Time Auctions
Real time bidding & proxy bidding available.

Call ahead for absentee buying and delivery options. Videos available to view at www.beefmasterbullsale.com For more information call: Derek Frenzel (254)541-4643 or join us on DVAuction.com

Fleshing Ability:

One of our customers biggest compliments is how well our bulls maintain condition after they get them home. This is not only Development but more so Genetics.

Each bull is graded on a scale of 1-5 following the first phase of our Development Test. The bulls carrying the most condition will receive a 5. Those bulls carrying slightly less flesh will be graded lower. This will enable buyers to select bulls that will better fit their environment. Our easy fleshing bulls will sire females that breed quicker and stay in the herd longer.

Big Country Bulls:

Although we strive to bring you gentle bulls, some cattle don't like being alone after being raised in these big groups in big pastures. Please consider this with bulls marked "Big County" on the video.

Building Performance Bulls.

We understand your bull purchase is a big investment. Bulls are athletes and have to be developed accordingly. We have worked hard to create a program to keep bulls growing without falling apart when you get them home. This performance test is designed to show their genetic differences while preparing them from longevity. They will not be pampered, over fat, and will know how to utilize forges when they go to work. Much effort has been devoted to providing thorough and accurate performance data on the entire sale offering.

Experience the Difference

Commercial Beefmaster Replacement Female Sale SATURDAY, OCTOBER 21

Selling immediately following the Bull Sale

Detailed breakdown of lots will be available on Sale Week.

Thank you for joining us!

TERMS AND CONDITIONS OF SALE

1. **BIDDING:** Each animal will be sold to the highest bidder without reserve.
2. **BIDDING DISPUTE:** The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.
3. **TERMS:** Terms of the sale are cash due upon sale, unless prior credit arrangements for the sale have been agreed upon in writing between the Buyer and Seller, in which event, the terms of the written credit arrangement between the Buyer and Seller for the sale shall prevail.
4. **PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as the auctioneer declares it sold.
5. **CERTIFICATE OF BREEDING AND/OR TRANSFERS:** All required paperwork will be transferred to the buyer at the seller's expense, upon settlement.
6. **HEALTH:** All animals will have appropriate certificates of veterinary inspection for travel to the sale site and will to the best of the seller's knowledge be eligible for interstate shipment, however, buyers need to be aware of their individual resident state's requirements for shipment of cattle. Any and all testing will have been completed within thirty (30) days of the sale date.
7. **ANNOUNCEMENTS:** Any changes in information of any kind will be announced from the auction box and such announcements shall take precedence.
8. **BREEDING GUARANTEES:** All bulls are guaranteed to have passed a Bull Breeding Soundness Evaluation (BSE) and have been certified a satisfactory potential breeder by a licensed veterinarian within thirty (30) days prior to sale date. Completed BSE will be attached to health papers at the sale. The seller makes no guarantees with respect to the ability to freeze semen.
9. **RIGHTS AND OBLIGATIONS:** The above terms and conditions of sale shall constitute a contract between buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction. Neither BBU, the sale manager, nor any other person connected with the management of the sale assumes any liability, legal or otherwise, for any subsequent resale of an animal.
10. **REMEDIES:** If within one-hundred eighty (180) days from the date of sale, the bull has failed to pass a Breeding Soundness Evaluation (BSE) certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and eighty (180) days from the date of sale and include the BSE test results. Within sixty (60) days after seller's notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer's expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian or technician, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU Breeding Soundness Evaluation form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller's state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller.
