Letter from the President

Howdy JBBA,

It's almost that time of the year again! Each year the JBBA family comes together for the most critical event in the organization and the Beefmaster breed at large, the JBBA National Show and Convention. As your president, I cordially invite you to attend the 37th Annual JBBA National Show in Belton, Texas, the week of July 17-23. The Board of Directors and I are excited to see everyone as we implement our plans and hard work over the past year. Along with the adult committee, we intend to make this the best National Show and Convention possible for our members!

This year we have a week packed with a wide variety of events and competitions. Along with our everyday activities, there will be many new contests and events for our members, such as the Creative Essay contest, Sales Talk, and the Professional Development contest. My team and I have worked hard to put together these events, so we encourage all members to sign up for any contest(s) that interests them. These activities develop professional skills that are useful later on in your life. On top of that, members also have the opportunity to apply for the JBBA Board of Directors and Ambassador program. The JBBA needs the most qualified and dedicated members to help fund raise and represent our breed. I highly encourage any member, if interested, to apply and make a run for a leadership position. The application is currently open and is due June 1st. There are also several scholarships for high school seniors and college students; applications and information can be found on the JBBA website for any questions you may have.

I'm looking forward to seeing everyone at the National Show and Convention at the EXPO Center in Belton, Texas. All of us on the Board are excited about this show, and I hope you are as well. See you in Belton!

Sincerely,

Troy J. Glaser
JBBA President

National Show & Convention Rules

Qualifications of Animal

1. Official Interstate Health Certificates must accompany all cattle and must be presented to a representative of the show at the time the cattle arrive on the show premises. Usual state and interstate brucellosis and tuberculosis requirements will apply. Every animal at the 2021 JBBA National Show and Convention must have an official health certificate verified by a licensed veterinarian within 30 days of the show and must meet state animal health commission requirements of the hosting state. This show is an interstate (accepting animals from other states) show for livestock entries. Exhibitors with livestock originating outside the state of Texas are encouraged to contact their state animal health officials to confirm specific requirements, if any; their state may impose on animals returning from a Texas show.

Exhibitors must bring 1 extra/additional copy of their health papers.

2. Original BBU Certificates of Breeding (not copies) on each animal shown, including any calf-at-side, must be presented to a representative of the show at the time of cattle check-in. Application for a BBU Certificate of Breeding on calves less than 30 days of age must be presented. Official scramble registration papers with appropriate show stamp must be presented at check-in.

3. All heifers and bulls must be registered with Beefmaster Breeders United (BBU) as a purebred and out of a BBU-Certified Purebred dam, Second Cross dam or as otherwise stated in the BBU By-Laws. Advancer and E6 heifers must be registered with Beefmaster Breeders United.

4. The tattoo or brand will be checked on the top five (5) placing heifers, top two (2) placing National Cow/Calf Pairs, Bred and Owned bulls, Bred and Owned heifers, and E6/Advancer heifers at the conclusion of each class and must match the permanent ID that appears on the original registration paper. It is the member's responsibility to ensure that the brand or tattoo is legible prior to arrival on the show grounds. Members will be disqualified if their animal does not have a matching tattoo or brand, or if the tattoo or brand is illegible. In the event of a disqualification, the next placing animal with matching identification will advance. Calves that show on the side of the cow must have a permanent identification number.

5. All cattle must have been owned by the entrant a minimum of 60 days prior to the show (May 15, 2021). Evidence of ownership is indicated by the date of sale on the registration certificate.

National Show & Convention Rules

Qualifications of Animal

6. JBBA members are allowed to have partnership animals with another JBBA member (animals owned by parent-youth or adult-youth combinations are NOT eligible.) However, if JBBA members are exhibiting cattle in a show, the same exhibitor must show both the cow and calf if they choose to enter both animals in their own respected classes.
(Example: Same JBBA member must show cow and either her heifer or bull calf in both classes if the JBBA member chooses to enter calf in separate class.)
7. There is no limit to the number of heifers and or bulls an exhibitor may enter.
8. Heifers/bulls that do not show the day of month of birth on their BBU Certificate of Breeding shall be considered to be born on the first day of that month.
9. All BBU registered animals must be shown with their hair coats lying downward and flat against their entire body. Hair trimming is permissible and must be done in those few areas such as the neck and portions of the top line of the animal which may not lay flat against the body. Hair may not be trained upwards or forwards and/or pulled upwards or forwards on any part of the animal's body. No animals may have any foreign object(s) attached to it in any manner or have its natural color altered in a manner so as to change the conformation or appearance. An exhibitor who fails to abide by this rule will be dismissed from the arena and/or forfeit premiums, awards and points from the show. This applies to all National cattle shows.
10. Any heifer and or bull that, in the opinion of a designated BBU official, would be a detriment to the breed, shall be removed from the show, regardless of any prior classification. Examples would be animals exhibiting signs of low fertility, genetic, or physical defects.
11. Any entry that is unruly and poses danger to other exhibitors, or if exhibitor loses control of their animal twice during the class, the animal may be dismissed from the show arena by the judge or arena director or designee.

14. All heifers, two (2) years and older on the day of the show must be palpated safe in calf by a licensed veterinarian and so state on the health certificate, with the exception of heifers nursing their BBU registered calf-at-side (under 6 months of age), in which case the heifer may show open. Heifers that do not show the day of month on their BBU Certificate of Breeding shall be considered to be born on the first day of that month.

15. Nurse cows, recipient cows, retired show heifers with calves, etc., will not be allowed on the show grounds. The only animals allowed on the show grounds will be those entered in a class themselves.

16. Heifers two (2) years and older on the day shown whose calf has died cannot be shown.

17. Classes will be determined by age after all entries are completed. Best efforts will be made to keep class size uniform.
