CARR and OTHERS FALL PROGRAM and SALE OCTOBER 9 & 10, 2026

AGENDA

FRIDAY, OCTOBER 9

12:00 Noon - 10:30 PM

Viewing of sale cattle and donation lots

1:30 PM - ±5:30 PM

EDUCATIONAL PROGRAM

SPEAKERS and TOPICS

We are putting together our usual, very informative educational programs to start early afternoon, Friday, October 9th.

- **Dr. Joe Paschal** – Professor and Livestock Extension Specialist Emeritus (10 Management Practices You Should Be Doing)
- **Joe Aguilar, Jr.** – TSCRA Special Ranger, Dist. 29 (Ranch Safety and Security)
- **Juan Cantu** – Drone specialist who has trained over 200 FAA Part 107 pilots and more than 150 spray drone operators. He currently serves as a drone instructor with Austin Community College's Public Safety Training Center and remains focused on advancing applied remote sensing solutions. He holds 2 Masters Degrees from Texas Tech and a Bachelor of Science in Agriculture from West Texas A&M University.
- **Dr. Lance Bauer** – BBU Executive Vice President (BBU Updates)
- **Samantha Shannon** – Wilson County Texas A&M AgriLife Extension Agent

(CEU's will be available)

5:45 PM - 6:30 PM

Mariachi music and refreshments

6:30 PM

Beef Tenderloin Dinner

6:30 PM - 9:00 PM

Traditional Country music by Darrell McCall & Justin Trevino

SATURDAY, OCTOBER 10

7:00 AM - 9:00 AM

Breakfast tacos, milk, etc.

10:00 AM

Sale

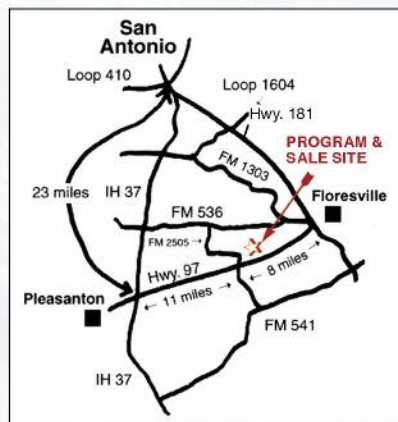

Lunch following sale

Dear Beefmaster Breeders,

You are all cordially invited to our Carr and Others Fall Program Friday afternoon 10/9/26 and sale on Saturday morning 10/10/26 at our Wilson County Division eight miles West of Floresville, Texas, on Highway 97 in our comfortable cattle sale facility.

We have conducted our production sale since 2010. This will be our third year to conduct this sale without Bill, the love of my life. Our “crew”, Mike & Cheryl Redding, Luis Ayala, and our son Kirk have gone above and beyond to put together our sale offering and I know Bill would be proud of their efforts and results. Our other “crew”, Anthony & Harriet Mihalski and Anthony, Junior have made this whole sale process possible.

Our continuing objective in conducting this sale event is not only to provide the opportunity to buy quality, functional cattle from nine long standing programs that have served BBU in many capacities and earned numerous awards over the years, but to educate, entertain, provide some good meals and an opportunity to socialize in a very comfortable environment.

Our sale cattle are developed on grass pastures and should be so evaluated. Again, this year’s record breaking period of heat and extreme drought at our operations adversely impacted our weights and sonogram carcass evaluations, but not our genetic advantages. All of the pictures of cattle in this catalog were taken in August in pasture condition.

Our longtime seedstock guest consignors this year will be: Dave & Cheri Moore, Bob & Bonnie Siddons, Tony & Karen Psencik, Tyler & Wesley Gwosdz, Dr. Jim & Pam Colvin, and new guest consignors Mike & Rhonda Collier, Jim & Karen Woolman, and Skeeter & Dora Schneider.

We are again very fortunate to have excellent speakers for our Friday afternoon educational program. They and their topics are described on the agenda page in this catalog.

Live bidding will be available through DV Auction for those not able to join us at the sale facility. See the catalog for further details or contact the sale managers, or Luis Ayala, Hilltop Ranch (956/231-7131), or Noe Lopez (956/639-3929) for assistance. Luis and Noe speak fluent Spanish.

We will do everything reasonably possible to accommodate your needs and satisfy you with your purchases.

I am looking forward to visits and hugs with all my Beefmaster friends, both old and new I’ve missed since Bill’s passing.

Cordially,

Bill & Dusty Carr

H I L L T O P R A N C H

BEEFMASTERS REFERENCE SIRES

Five of our young herd sires that are bred to and/or the sire of some of our sale heifers are pictured on this page.

Special Semen Offering:

Legacy U 321 (Polled)
(CF Unico 219/1 x CF Crimson Legacy 701/3)

\$T Index: 99.19; \$M Index: 24.46

From the heart of the Collier Farms' program, we recently acquired Legacy U.

\$75.00 per straw. Buy 9 get 1 free - sale day.

Semen includes 1 A.I. Certificate per unit. Additional Certificates \$50.00 each.

SWB Inspiration - ID #121/20

(A Bentley son, being a Summit and Destiny grandson)

Pictured at 17 1/2 months old - Classified U 1/2

Inspiration is the only Beefmaster bull that we currently know of that at official yearling scanning had BOTH an

REA over 15 and an IMF over 5.

\$T Index: 131.49; \$M Index: 20.22

WB Solutions Big Boy WB - ID #113/1 (Solution son)

A Wayne Bryant Solution son with great numbers:

WW: 960; YW: 1339, \$T: 107.85; \$M: 107.85;

REA: 12.82; IMF: 4.43

JT Prince 58 - Vision X Madam Secretary

REA: 11.92; IMF: 3.01

4C Impact 14/15 - The Legend 30/1 X 4C 980/7 (Classic Cotton x Miss Dusty 45/7)

\$T Index: 97.38; \$M Index: 17.88

Semen now available from Inspiration, Prince, and Impact and WB 113/1 SALE DAY for \$50.00 per straw - collected and stored at Elgin Breeding Service. All semen purchased comes with A.I. certificates.

HENRY RIFLE DONATION LOT

We will be donating a Henry American Cattleman Tribute Edition Rifle. All proceeds of this rifle and the display case will be donated to either the Beefmaster Cattlewomen's Scholarship Fund or B.E.E.F. (Buyer's Choice).

Henry Rifle with Display Case

A supporter of numerous causes, Anthony Imperato, together with his father Louis, founded Henry Repeating Arms and has become a strong ally of the American cattle industry. He donated the very first produced American Cattleman Tribute Edition lever-action rifle to the NCBA-PAC live auction where it sold for a record, over \$30,000.

Chambered in .30-.30 caliber, this rifle features a brass frame engraved with a cowboy on horseback, a longhorn, and the words "Long Live the American Cattleman". The walnut buttstock also includes a scene of a cow-calf pair grazing.

FREE DRONE DRAWING

Drone drawing at the conclusion of the Educational Program.

DJI Mini 5 Pro Drone

Featuring a **DJI Mini 5 Pro Drone Fly More Combo with RC2 Controller**. Ultra-light, palm-size foldable design. Compact and foldable, slips easily into pocket and offers 42GB of internal storage for uninterrupted flying. Drone is recommended by our drone expert speaker.

Winner *MUST* be present to win!

Dear Beefmaster Breeders & Friends,

Over the past several decades there have been several individuals who have truly made a difference in the Beefmaster breed. I would argue that none have been more important to the association, or to the breed of cattle, than Bill and Dusty Carr. The Carr's have been awarded every prestigious award this association has, including "Breeder of the Year," and "Hall of Fame," they have been deserving of all as they have given so much of themselves.

The 2026 sale offering, better than ever - 71+ total lots:

Lots 1 through 33 are bred and produced by Bill & Dusty Carr. These cattle are measured, tested, and measured again using proven genetics including elite bloodlines from across the breed. These cattle are loaded with pedigree and performance, the best of the best!

Bill & Dusty Carr: 23 Spring & Couple Fall Calving Heifers

10 Yearling Open Heifers

3 Fall Calving Heifers

Guest Consignors: 6 Three-In-Ones & Pairs

30 Bred & Calving Heifers

2 Open Heifers

+ Semen Offering

+ Embryo Packages

Guest consignors:

Tony & Karen Psencik, Bob & Bonnie Siddons, Tyler & Wesley Gwosdz, Dr. Jim & Pam Colvin, Dave & Cheri Moore, Skeeter & Dora Schneider, Mike & Rhonda Collier and Jim & Karen Woolman have brought their very best.

This includes the strongest group of three-in-ones and pairs.

The bred heifers are extremely well bred to the newest exciting sires.

The open heifers are fancy and carrying the newest and best genetics available.

While reviewing this catalog, note that Bill & Dusty Carr and the others have provided us so much meaningful, factual, and useful data to aid in your selections. All performance weights, sonograms, pelvic area measurements, classifications, and EPD's are up to date and included.

The information provided on these cattle will be as complete as you will find anywhere. Please call for questions or information. We look forward to seeing you.

Sincerely,

Anthony J. Mihalski & Mike Green

SPRING 2027 CALVING HEIFERS

To get a maximum lifetime production out of our cows they need to begin calving around two years of age. To calve as two year olds, adequate pelvic size is critical and is one of the objective evaluations we take and utilize before breeding our yearling heifers. All 23 of our heifers in this section were bred as yearlings and are scheduled to calve close to two years of age. They will start calving mid February to early March. We have a vet. do sonogram pregnancy determinations on our A.I.'d and natural service exposed females to determine with certainty whether females we sell as bred are pregnant to the A.I. bull or to the clean up bull, and in so doing at the appropriate time, the sex of some of the carried calves can be determined.

While BBU has only recently established an age at first calf EPD our program has for many years involved breeding our heifers to calve at approximately two years of age. Not all Beefmaster or Brahman influence heifers can or should be bred as a yearling to calve as two year olds. Some are not yet cycling and some do not have adequate pelvic size. However, those that so qualify and do we consider among our most valuable females.

Research has shown, and our experience has confirmed, that Beefmaster females with reasonable genetics and nutrition will have pelvic growth from yearlings to two year olds of 9 to 10 square centimeters per months and will require approximately 3 square centimeters of pelvic area per pound of calf born to avoid calving problems from pelvic size.

YEARLING OPEN HEIFERS

All of these heifers were grown only on forage. A variety of genetics are offered in these heifers. All of them were intentionally kept open to enable us to offer open virgin heifers this time of year. All of these are ready to breed as soon as it fits your program.

PSENCIK BEEFMASTERS

K

We would like to thank Bill and Dusty for inviting us back another year.

Psencik Beefmasters was established in 1987. We bought our first Beefmaster when we started as a hobby but our love for the breed grew into a business and we have loved every minute of it. Getting to know so many wonderful people we call "Beefmaster Family". In 2003 we entered two bred heifers in the San Antonio Rose Classic Sale and they both won Grand Champion and Reserve Champion. That was the most exciting moment for us. So much love and hard work had gone into it. We have won several awards since that day and we are working hard to do better every day.

We have been married 48 years and have two grown sons and three grandsons.

K LOT 34 -----THREE-IN-ONE

NAME: 4C 804-0 ET

BRAND: 804-0

BBU NO.: C1133314

COLOR: Red MUL

BREEDER: BILL CARR

BIRTH: 2/8/20

DNA:

Here's a great pair coming to this sale. Has been a great producer for us. Look at the pedigree and EPDs in this cow. She has the best bull calf I have ever raised. Look at his \$T and \$M. He is out of Yellowstone and Knockout and the Sex Appeal cow. He's red with lots of meat, muscle with lots of length and a very good top line and underline and he is polled. She should be bred to our new herd sire Double Agent, C 1194756 out of Unico and the Double Diamond cow. Lifetime Member.

You want to see a cow with lots of length, top line and muscle - here she is! Look at the \$T and \$M and as a bonus, look at her IMF of 6.24 and REA of 9.21. Plus, she is out of Bentley and the Monica cow. As another bonus look at this picture-perfect heifer calf on her side out of Yellowstone and Lucinda. I am holding her back to be bred in January to calve in the fall to the bull of your choice. Lifetime Member.

DIAMOND M RANCH

Diamond M Ranch has been raising Beefmaster cattle in Live Oak County since being established in 1971. We currently run an average of 250 cows along with 100 yearlings. Maintaining a strict culling process where only the top producing cows are kept in the herd has led to some top awards that have recognized our successful efforts. Currently we are using A.I. and Embryo Transfer as well as scanning all our yearlings to achieve even greater producers in our herd. Most of our cattle are sold private treaty to longtime repeat customers. Visitors are always welcome.

Some of our most recent awards include: LOBBA Breeder of the Year, 2023; LOBBA Spring Showdown Grand Champion, 2023; STBBA Miss South Texas Grand Champion, 2023; STBBA Miss South Texas Champion Bred, 2024 and STBBA Grand Champion Female Houston, 2023.

Dave and Cheri Moore have lived on the Diamond M Ranch for 41 years and are blessed to have raised their 3 children in such a great country lifestyle and community. We are thankful for all the amazing friends and families we have acquired through being a part of this great Beefmaster breed and looking forward to making new friends in the future.

We would especially like to thank Bill and Dusty Carr for including us in their prestigious sale as well as the many years of friendship we have shared with them.

Bred heifer 42/5 (C1201633) The hottest bull in the breed right now is "CF Unico". This polled heifer is out of one of our top Donors CF690/0 This is where she gets the long clean front end to go with the bone and muscle of Unico. She sells bred to a polled Lyssy Bull 7544 C1201215 or CF 421 C1185648. Safe in calf 6 months.

Open heifer 585 (C1198732) This is the youngest heifer in our sale offering and was held open for your breeding choice. Big bone, super deep in her flank, kinda shows the classic old style Beefmaster look. Great maternal traits on this one, coming from "Lovemaker x De Ja vu" (Infinity x Oasis) , combined with the show ring appeal of Steve Carpenters RANGE BOSS bull that you see on the bottom side. This heifer had small scurs removed, however her DAM is polled.

Lot 45

GWOSDZ BEEFMASTERS

After being raised around their family's farm and commercial cattle operation their entire life, brothers Tyler and Wesley Gwosdz very quickly discovered a love and passion for the same type of lifestyle. Because of this, Gwosdz Beefmasters was established in 2008.

Since that time, we have steadily grown our mature cow herd to our current inventory of 70 head. Out of this, half are registered Beefmaster cattle, and the other half consists of commercial females utilized as recip's. We do our best to stay at the forefront of the industry by extensively utilizing reproductive technologies such as IVF, ET, and AI in our program. We also strive to purchase herd bulls that we feel will complement our cow herd as well as make a positive impact on the breed as a whole. Our active herd sire battery includes NG Gold Glove, CF Vendetta, CF Unrivaled, CF High Time, CF Brenham's Britches and Knockout.

Throughout our years in the Beefmaster breed, we have met and become friends with countless remarkable people. We also have been blessed with many honors and awards. Some of our most notable awards include being named 2014 LOBBA New Member of the Year, 2014 STBBA New Member of the Year, and 2019 LOBBA Performance Breeder of the Year. We are also very grateful to have produced and sold the Grand Champion Female in the 2018 LOBBA Spring Sale, the Reserve Grand Champion Female in the 2020 Miss South Texas Buccaneer Classic Pageant, the Reserve Grand Champion Female in the 2021 Houston Futurity and Sale and the Reserve Grand Champion Female in the 2025 Miss South Texas Beefmaster Extravaganza Pageant. None of these achievements would have been possible without the valuable lessons we have learned from our peers in this outstanding breed.

We are beyond honored and excited to be invited back by the Carr family to be a part of their premier sale event for our sixth straight year. Our first five years being involved were most definitely five that we will never forget. As before, we are committed to bringing some of the absolute best we have ever produced.

Tyler & Brittany

Wesley & Hannah

PICK OF BRED HEIFERS

In the spirit of doing something special again this year, we have decided to offer 2G Splendid Stream and 2G Splendid Essence as a pick of bred donor prospects. We couldn't decide which of these flushmates were better, so we figured it was best to let you, the buyer, decide. No matter if you're drawn to the extra bone, stoutness and sogginess of A or the extreme angularity and darker red look of B, you truly cannot go wrong here. As direct daughters of current breed superstar, Brazos and CF Splendid Oasis, one of the most exciting and promising females in our entire program whose first 6 daughters sold have been sale standouts commanding a very impressive \$22,500 average, you have an opportunity at two gorgeous females with the quality to build a future around. If that wasn't already enough, both will sell 3 months bred to CF Industry, C 1149962. Conceived 1st A.I. on 7-18-26.

Of our Fall calving bred heifer pasture, 2G Sweet Elegance will most definitely capture the attention of many. This beauty queen has been one of the ranch favorites since the day she hit the ground. As structurally correct as you can make one, she's stunning in her lines, beautiful in her head and neck, perfect in her hip, and bladed in her underline design. Couple these phenotypic attributes with being a direct daughter of Adrenaline and Sweet Clementine, one of the true matriarchs of our breeding program whose first five daughters sold have commanded a whopping \$25,000 average and you have yet another opportunity at a true donor prospect to build an entire program around. For added value, she will sell 7 1/2 months safe in calf to one of our newest herd sires, NG Gold Glove, C 1194675, the HOMOZYGOUS POLLED, featured bull from the 2025 NextGen Cattle Co. Spring Classic. Don't miss this opportunity at one of our most sought-after cow families representing one of the very first chances at a NG Gold Glove calf.

2G Superior Sweetness could be the poster girl for what we desire our females to be. Study her overall femininity, elegant front end, perfect underline, extreme rib shape, and beautiful lines. Then complement that with her added punch of power and you have yourself a no-doubt donor prospect. Couple these attributes with being out of our herd sire, Unrivald, the Overall High Grading \$82,000 High Selling Fall Bull at the 2022 Collier Farms Performance Bull Sale, and 2G Eternal Britches, a young female in our program going back to one of our oldest but most prolific, best producing cow families, and you have a shot at a program changing caliber female. As icing on the cake, she will sell 3 months bred to CF Bravado, C 1073659. Conceived 1st A.I. on 7-17-26.

Quickly becoming a social media favorite for us, 2G Unico's Signature is an easy keeping, powerhouse female who commands your attention in the pasture. Whether it be her striking profile, beautiful head and neck, or long and expressive hip, you can't help but fall in love with her. To add to that, she's also a daughter of Unico and Bravado's Signature, a young female in our program who looks to have a very promising future. Not to mention, she will sell 3 months bred to CF Industry, C 1149962. No matter if you're looking to produce futurity winning heifers or power herd bulls, this female is one you won't want to miss. Conceived 1st A.I. on 7-18-26.

At this time, we are able to offer the first semen available on NG Gold Glove, one of the featured bulls in the 2025 NextGen Cattle Co. Spring Classic. This HOMOZYGOUS POLLED phenom is a direct son of Flint Rock and superstar donor, Red Queen, making him a full brother to not only the \$50K high selling female from the '24 Beefmasters on the Brazos BBU Convention Sale and the \$30K and \$22K leadoff and high selling pick of heifers in the '24 Fall Diamonds of the Flint Hills Sale, but also a maternal brother to the \$80K high selling female from the '25 Round Up at the Alamo BBU Convention Sale. We have extensively used NG Gold Glove via natural service in our own program on both mature cows and heifers alike as well as in our AI and ET programs. His first calves are hitting the ground now and we're ecstatic with what we're seeing. With birth weights consistently being between 60 and 70 lbs, these calves look to be the perfect complimentary mating between a modern performance super sire and classic Beefmaster styled beauties. We truly feel that he has the phenotypic and genotypic quality to change any program overnight. All semen is stored at Elgin Breeding Service.

The '26 Carr & Others Fall Sale will also be the first ever semen offering on CF Vendetta. As one of the high selling bulls in last year's Collier Farms Performance Bull Sale, he is a direct son of CF Brazos and Collier's premier donor, CJ Superior Dream, making him not only a safe option for heifers and mature cows alike, but also a maternal brother to one of our other herd sires, CF Unrivaled. If consistency is what you're after, look no further. Two flushmate sisters to him have been sold and both were high selling lots in their respective Advantage Sales and a flushmate brother was one of the high selling lots in the Advantage Plus Bull Sale earlier this year. Not to mention, another flushmate brother, CF Bolt Action, is currently being used in the Collier Farms' herd sire battery. We are currently utilizing CF Vendetta via natural service, AI, and ET and are patiently awaiting his first calves to hit the ground this Fall. Get in early on this premier herd sire that we are expecting huge things from! All semen is stored at Elgin Breeding Service.

For just the third time ever, due to the overwhelming demand we've experienced at this sale the last two years, we have decided to offer another exclusive opportunity at semen on our herd sire, CF Unrivaled. Representing our acquisition from the 2022 Collier Farms Performance Bull Sale, this Overall High Grading, \$82,000 High Selling Fall Bull has exceeded all of our expectations concerning the quality of progeny he has continued to produce. To start, just study the bull... Big footed, massive boned, well angled underline, smooth shouldered, and cool fronted but wrapped together in a true power herd bull look all while, at the same time, maintaining the overall design and balance needed to produce the type of progeny the industry is demanding. Now think back to the progeny that we sold in this same sale last year and study his lone daughter in this sale... ultra-consistent in their design, feminine, angular, and refined but blended with plenty of natural width, dimension, and overall power. Currently we are extensively utilizing him not only natural service but also in our ET and AI programs with great success. We are offering another EXCLUSIVE OPPORTUNITY at a VERY LIMITED amount of semen. Don't hesitate as it may not last long! All semen is stored at Elgin Breeding Service.

High Tide has been a bull that's been a dream to own from the very start. This POLLED bull has been not only a program changing herd sire for us, but has left a huge mark in the breed since hitting the scene as one of the high selling bulls in the 2020 Collier Farms Performance Bull Sale. We can't even begin to explain how proud we've been of not only our own High Tide progeny over the years but also the quality of his progeny seen in herds across the nation. In addition, his sons are starting to make impacts in herds and sales around the country and his daughters are doing an outstanding job in our herd and have some of the most beautiful udders we've ever seen. Don't miss a shot at semen on a bull that we truly feel will one day be termed a BREED LEGEND. All semen is stored at Elgin Breeding Service.

SALE WEEK SPECIAL - \$75/straw. 1 certificate/straw

COLLIER FARMS

Collier Farms is a 100% Beefmaster cattle operation headquartered in Brenham, Texas and includes purebred Beefmasters on ranches in Central and South Texas with an E6 division in South Texas.

Since 1987, the Collier family has bred exclusively Beefmaster and Beefmaster influenced cattle, marketing and promoting the breed both domestically and internationally.

Utilizing multi-trait selection, the program is performance based and customer service oriented. Cattle are bred and raised to fit the demands of today's commercial cattle industry.

Collier Farms believes that maintaining their objectives of producing forage raised, range-ready and performance-evaluated cattle, they will continue to move forward in the future.

Collier Farms has always been a family cattle operation, now moving into the 3rd generation with the goal of promoting Beefmasters by leaving a positive footprint for Beefmaster cattle.

Lot 53

WFBM Prime Morning is the heifer for you if you want to add power and pedigree to your herd. She is well balanced and possesses that attractive Beefmaster design. She brings in many of our breed's top sires: CF Prime 8, WB Solution, Logan, CF Riptide, CF Dream Catcher and Painted Tiger. Prime Morning also comes from an impressive line of dams: CF Morning Oasis, Miss Superior 8, CF Morning Tide, Jezabelle, Logan's Bengal Baby and CF Crimson Legacy. To top things off, the baby in her belly is out of our herd sire "Infinite Mirage, C1177289. Infinite Mirage is out of Infinity and Oasis. This will be a calf packed with genetics.

Woolman Farms is proud to offer "Perfect Storm". This feminine open heifer is soft made with great angularity and depth. She has good lines with a beautiful structural design. Perfect Storm brings in the genetics of many great sires in the Beefmaster breed: CF Bravado, CF Brock, CF Riptide, Vision, Tabasco and VMAX. Her pedigree of dams is also outstanding: Sweet Oasis, CF Raquel, Red Essence, Betty's Last, and CF Splendid Oasis.

Here is a great opportunity to own 4 embryos out of Infinite Mirage 319, C 11772898 (Infinity x Oasis) and Lady Eloise 202/3, C 1189456 (CF Resolution x 2G Sweet Serenity). The genetics in these embryos will be second to none, WB Solution, Diamond Maiden, CF Riptide and CF Sweet Clementine. Embryos are frozen IVF and stored at TransOva in Bryan, Texas, (979) 307-7763.

EMBRYOS MUST BE PICKED UP OR TRANSFERRED WITHIN 60 DAYS OR FORFEIT.

SIDDONS BEEFMASTERS • ARROWHEAD RANCH

Siddons Beefmasters was established in 1979. We started with 24 open heifers, 1 Bull, one horse, one trap, one 1100 acre pasture, one helpful neighbor, one rudimentary set of pens and one scale. A lot has changed in our operation, but the scale has always been our guide. Our entire program for over 30 years has been based on performance. We were the only participants in the annual McAllen Bull Gain test to have won in three consecutive years and this was accomplished with three entirely different pedigreed calves. We have also been honored with the 2005 BBU Environmental Award for our Stewardship of the land. This year we were honored with the first BBU "Bill Carr" Member of the Year and Bonnie was named Cattlewoman of the Year.

We have been honored with the STBBA Performance Breeder of the Year Award, First Place Graded Pair to the 2011 Fall Live Oak Sale, the Grand Champion Three-In-One in the Pair/Three-In-One Futurity, 2015, and most recently the first Galveston heifer to sell was at side of the Grand Champion in the 2019 Live Oak Beefmaster Breeders Association Perfect Pair/Three-In-One Futurity. Our philosophy has been that it takes pedigree to get to the Arrowhead Ranch, but it takes performance to remain at the Arrowhead.

Many thanks to Bill and Dusty for including us in their prestigious sale!

COLVIN BEEFMASTERS

Dr. Jim Colvin has been a member of BBU since 1993 and has served on numerous BBU committees since joining the association. He has also served on the BBU Board of Directors and the South Texas Beefmaster Breeders Association (STBBA) Board of Directors and served as STBBA president for numerous years. Colvin Beefmasters has also been awarded the STBBA Conservation Award. Overall, Colvin has been involved in various aspects of Beefmaster Breeders United, from sales to Whole Herd Reporting and from field days to satellite involvement. He also received the BBU Member of the Year award in 2021.

SCHNEIDER BEEFMASTERS

S

Schneider Brothers (John and Skeeter) started in Beefmaster business at age of 11 & 12. In Deep South Texas (Guerra, Texas). Beefmaster cattle through all those years are the only breed to breed and thrive in these harsh condition we have raised cattle in - for 56 years. Beefmaster cattle is the only breed to have survived the ups and downs of South Texas. We have built a herd of almost 600 head. We are dedicated to improving our quality every year. OUR FAMILY has been a member of either old FBA or BBU for over 55 years. We would like to personally THANK Mrs. Dusty Carr for inviting us to be a part of a distinguished and respected sale event. Her confidence in our cattle has been a highlight in Schneider Brothers Beefmaster cattle history. That is as good of a reward as any. Thank You Mrs. Carr for allowing us to join her sale and have blessed with a lifelong friend. May God Bless you and your organization. It took a lifelong commitment from her and her beloved husband, Mr. Bill Carr. It is an honor to be included in this event.

Lot 71

Terms and Conditions

BIDDING: Each animal will be sold to the highest bidder without reserve.

BIDDING DISPUTE: The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.

CASH SALE: All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale. The failure of a member buyer to pay the appropriate party the sale amounts when due may constitute a cause for exclusion from BBU pursuant to Article I, Section 10 of the BBU Bylaws.

BUYER'S RISK AT THE TIME OF SALE: The risk of loss and injury of each animal passes to the buyer as soon as it is sold; however, it is the obligation of the seller to ensure that sold animals are fed and cared for free of charge to the buyer until loaded for shipment.

CERTIFICATES OF REGISTRATION: A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within **45 days** following the later of either the date of sale or upon the receipt of full payment.

HEALTH GUARANTEES: Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

ANNOUNCEMENTS: If there is any inconsistency in information in terms of the sales materials (e.g. sale catalog, supplemental sheets, sale day announcements, 1) sale day announcements will control over both the supplement sheet and the sale catalog, and 2) the supplement sheet will control over the sale catalog.

IDENTIFICATION RESPONSIBILITIES: 1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron brand or freeze brand) corresponding to its registration identification and 2) The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

ARTIFICIAL INSEMINATION (AI) CERTIFICATES AND EMBRYO TRANSFER (ET) BILLS OF SALE: AI certificates and ET bills of sale will be the responsibility of the seller.

CONFORMANCE WITH REGISTRATION GUARANTEES: 1) The seller guarantees that all sold animals are registered in accordance with the rules of BBU and 2) The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of BBU.

OFFICIAL BBU INFORMATION: All existing available official BBU information, including calf source, service sire and/or potential service sires (registration numbers) and performance data must be included in the final sales catalog.

PEDIGREE, PERFORMANCE AND GENETIC INFORMATION GUARANTEES: The seller guarantees to the buyer that: 1) the pedigree, performance data and genetic information, as represented in any sales materials (including sale catalog, supplemental sheet or sale day announcement), are accurate; and, 2) all information from the BBU database is accompanied by an accurately stated "as of" date. The absence in any sales materials of a specific designation on the pedigree of an animal does not establish that the animal in question is not a carrier of such genetic defect.

BREEDING GUARANTEES:

1) The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as are agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; (d) animals administered any super ovulation drug or growth hormone after purchase; and, (e) animals subjected to gross negligence by or willful misconduct on the part of the buyer.

2) Bulls eighteen (18) months or older are guaranteed by the seller to have passed a Bull Breeding Soundness Evaluation (BSE) and to have been certified a satisfactory potential breeder by a licensed veterinarian within forty-five (45) days prior to sale date. Results of the BSE must be reported on a fully completed official form and attached to the health papers required for the sale.

3) If within one-hundred twenty (120) days from the date of sale, the bull has failed to pass a BSE certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and twenty (120) days from the date of sale and include the BSE test results. Within sixty (60) days after sellers notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer's expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian or technician, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU BSE form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller's state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller. **Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.**

4) Females younger than twenty-four (24) months of age can be sold as open. Females sold as open are guaranteed by seller to be open. Any female is considered a breeder if she is certified to be pregnant by a licensed veterinarian at the time of sale and/or has a nursing calf at side with no further fertility guarantee. Cows (including donor cows) with calves at side six (6) months or older must be certified to be pregnant by a licensed veterinarian.

5) "Safe-in-calf" females are guaranteed by the seller to have been examined by a competent veterinarian or reproductive technician and determined to be safe-in-calf by examination or other proven method (e.g., ultrasound, pregnancy blood tests, and rectal palpation). "Served" females are not guaranteed to be in calf. "Exposed" females have been exposed but are not guaranteed to be in calf. "Open" females are guaranteed by the seller to be without calf.

6) A Donor female (unless otherwise agreed by the buyer and the seller) is a female: (a) that has been used in an embryo transfer program and shall not be guaranteed to be a breeder after the date of the sale, (b) that is not guaranteed to be a breeder after the date of the sale, when that female is to be used, or attempted to be used, in an embryo transfer program.

7) The seller makes the following guarantees with respect to all "pregnant recipients": (a) that the female is pregnant, (b) that the resulting calf is of the pedigree represented, and (c) that the resulting calf is of the sex represented (if so represented).

FLUSHES AND TIME REQUIREMENTS: A flush consists of all viable embryos, transferred or frozen, received from a female as the result of the administration of any super ovulation drug. The sale of a flush or resulting pregnancies must specify in the sale catalog the number of pregnancies guaranteed by seller and the disposition of any other pregnancies resulting from the flush, the disposition of any frozen embryos resulting from the flush and any additional charge for the recipient cows. The maximum time for the delivery of the guaranteed results must be specified along with a payment schedule. Non-delivery or only partial delivery by the specified time by the seller will result in a pro-rata refund of all monies paid by the buyer for such flush or pregnancies not delivered.

DISCLOSURE OF PRIOR PROCEDURES: The seller must disclose in the catalog or from the block any circumcision or other surgical alteration of any underline of any male or female known to the seller and of any single egg or super-ovulation flush of any female known to the seller.

SEMEN: Unless otherwise agreed by the buyer and the seller (with respect to the sale of semen), the seller makes no guarantees with respect to the performance or characteristics of such semen and the buyer is purchasing such semen "as is."

EMBRYOS: Embryos being offered for sale will be sold "as is" unless the seller provides additional guarantees.

CLONES: Only BBU replication cell-cloned animals shall be eligible for registration and eligible to sell. Genetically modified animals shall not be eligible for registration and cannot sell. Cloned animals shall be guaranteed by the seller to be breeders under the same terms of the agreement for females and bulls. Any additional guarantees with respect to clones shall be by separate agreement between buyer and seller.

NO SEX GUARANTEES: There are no representations as to the sex of offspring unless the seller makes a specific guarantee that offspring will be of a particular sex.

DISCLOSURE OR RETENTION OF GENETIC MATERIALS: If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

PRIVILEGES OF RETURN OR ADJUSTMENT OPTIONS:

1) With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.

2) Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 180 days following the sale of the animal in question.

3) If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either such option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have 180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the test trial shall be deemed full satisfaction and settlement of the claim. Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the buyer to take delivery of the animal and pay all transportation expenses.

4) If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be in writing to the seller within 180 days of the sale of the animal in question.

5) If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller within 180 days of the birth of the calf.

6) If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. Seller is responsible for all transportation expenses.

7) If an animal is sold and subsequently becomes ineligible for registration under the rules of BBU for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the return of the animal to the farm of the seller.

8) If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

9) If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

10) Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

GENETIC DEFECTS AND FACTORS; REQUIRED DISCLOSURES RELATING TO CERTAIN TEST RESULTS OR POTENTIAL CARRIER STATUS OF AN ANIMAL:

1) In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by BBU) as a carrier of any genetic defect or genetic factor recognized by BBU.

2) The seller guarantees that a bred female will not produce a calf with an inherited deformity occurring in Bovine for a period of nine months following date of sale.

MISCELLANEOUS:

1) The above terms and conditions of sale constitute a contract between the buyer and the seller and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.

2) Neither BBU nor any director, officer, employee or representative of BBU or any of its related entities shall be liable in any way with respect to a transaction conducted under these Suggested Sales Terms and Conditions; nor shall BBU, its directors, officers, employees or representatives be responsible in any way for enforcing the terms and conditions of any agreement between a buyer and a seller. Each buyer and seller agree to hold BBU, its directors, officers, employees, representatives and related entities harmless from all damages, expenses, claims, losses and other liabilities associated with a transaction conducted under these Sales Terms and Conditions.

3) No sponsor, sale manager, or other person connected with the management of a sale shall be liable in any way with respect to transactions conducted under these Sales Terms and Conditions.

4) These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale occurs, without giving effect to such state's choice of law rules.

5) **UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF BEEFMASTER, BEEFMASTER ADVANCER, E6 OR UPGRADING CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.**
