2027 JBBA AI PROGRAM BULL NOMINATION FORM

NOMINATION DEADLINE November 30th, 2026

History of the JBBA AI Program

The AI program allows junior members to purchase quality Beefmaster genetics at a very affordable cost while improving and building their Beefmaster herd. Ultimately, it helps up and coming breeders market the Beefmaster breed in and out of the showring, while also educating the youth about genetics, EPDs, sire selection traits, networking amongst breeders, etc.

Benefits for breeders that nominate bulls

While supporting the JBBA youth with improving and increasing their Beefmaster herd and marketing the breed, marketing exposure will be included with any bull that is nominated. The bulls will be compiled into an electronic and physical 'booklet' which will be listed on the BBU website, posted on JBBA social media sites, mentions will be made in appropriate BBU e-news, and distributed at spring major stock shows. Additionally, it is good ranch exposure and could potentially generate new and more business with semen or cattle sales. Additional nominated bull marketing promotions may arise.

Rules for the A.I. Program

1. BBU members will nominate Beefmaster bulls to the JBBA office as part of the JBBA AI Program**.**
2. Bull nominations and fees are due November 30th to JBBA office. You should email picture of bull (if available) and footnotes to ambersee@beefmasters.org
3. JBBA members will be allowed to contact BBU members from **March 1-May 1** and purchase semen on bulls nominated from BBU breeders at a cost determined by the breeder. JBBA asks that participating breeders sell semen at a discounted rate for juniors during this time.
4. BBU members are allowed to limit number of straws of semen a JBBA member is allowed to purchase on each bull.
5. If breeder limits the number of straws of semen that they are willing to sell to JBBA members on a particular bull, once those numbers of straws of semen are sold breeders do not have to sell any more semen to a JBBA member at a discounted price.
6. JBBA office will provide JBBA members with a list of bulls that have been nominated by BBU members.
7. ***Semen purchased by JBBA members may not be transferred to another JBBA/BBU member, including family. It is strictly to be used by the purchasing JBBA member only. The AI program is intended for JBBA use only, to help members build their Beefmaster genetics***.**
8. BBU members are responsible for releasing semen to JBBA members once payment has been received and sending in an AI transfer certificate to the JBBA office.
9. JBBA members are responsible for all freight cost associated with semen.
10. Breeders need to turn in an A.I. Certificate Form of Transfer to BBU office by June 1st for each bull that is nominated with JBBA member's information.

Cost: Nomination Only (includes info and picture of sire)- $150 Nomination with Full Page Bag Ad- $250 Nomination with Half Page Bag Ad- $200

We encourage all JBBA members to contact the breeders that are offering semen for sale to junior members at a discounted price and visit with them about their bull(s). We appreciate the support of the BBU breeders that are participating in the JBBA AI program.

If you have any questions on how the JBBA A.I. program will work please feel free to contact our office at 210-552-3080 or ambersee@beefmasters.org
